

Italian Studies at Oxford is pleased to welcome you to the following event:

Wednesday 30 April, 5pm (Week 1)

18 IUS SOLI (2012), screening and discussion with director Fred Kuwornu

Film with English sub-titles
Pichette Auditorium, Pembroke College

ALL WELCOME

The film has received recognition at many International festivals and deals with the delicate theme of citizenship in Italy, where the law 18 IUS SOLI refers to second generation Italians. Born in Italy from immigrant families, 18 IUS SOLI are not automatically Italian citizens, but are instead required to go through a long and complex bureaucratic process. They are treated as second class citizens.
